Summary

A result oriented community development practitioner experienced in providing administrative support to complete projects. I am knowledgeable in disseminating project information to project stakeholders, monitoring the progress of projects, developing and maintaining project deliverables and gathering and inputting data into databases. More so, I have been involved with community mobilization, monitoring and evaluation, field research, capacity building as well as planning and implementing community based projects. I am looking for a position in a challenging environment that strives for organizational and personal development.

Evaluation of Child Rights for CRC@30

2019 was the 30th anniversary of UNCRC. To assess the present scenario they organised a training camp for the partner NGOs who were to conduct field research on the quality of life the children get from their society and family. I was a part of the training and after that travelled to six villages in Birbhum district with our team to conduct survey and research on the same.
